

The performance of Abfa Fars Company on October 1, 1401

A - Water section

row	Title	Unit	village	City	Total
1	The number of cities/villages covered	City/village	2207	116	–
2	Population covered	person		1861101	
3	Percentage of population covered by water	Percent	84.6	100	
4	The total number of water subscribers	paragraph	348949	751769	0
5	Index of benefiting from healthy drinking water	Percent	78.79	100	
6	Index of benefiting from healthy drinking water	Ring	715	474	
7	The number of other underground sources (springs and aqueducts)	string/span	94	14	
8	Production capacity from underground sources	million cubic meters per year	161.25	164.82	0
9	Production capacity from surface sources	million cubic meters per year	13.451	48.981	0
10	Total water production capacity	million cubic meters per year	174.7	213.8	0
11	The total volume of water sales	million cubic meters per year	86.291	134.29	0
12	Water without income	Percent	52.47	37.2	
13	Points benefiting from the water supply of dams	City/village	56	18	
14	The length of the water distribution network	kilometers	12101	7951	
15	Length of water transmission lines	kilometers	7374	2740	
16	The number of reservoirs in the operating circuit	door	1510	191	
17	The number of reservoirs in the operating circuit	cubic meter	259283	531840	
18	The number of water treatment plants in operation	Unit	0	4	
19	Capacity in operation of water treatment plants	thousand cubic meters per day	0	118.37	0

B - Sewer department

row	Title	Unit	village	City	Total
20	The number of cities/villages with sewage implementation plans	City/village	8	13	
21	The number of cities/villages with sewage branch	City/village	1	9	
22	The population covered by sewage facilities	person	1650	277863	
23	Percentage of population covered by sewage facilities	Percent	0	14.02	11
24	The total number of sewer subscribers	paragraph	350	61532	
25	The volume of collected wastewater	cubic meters during the day	180	27292	
26	The length of the sewage collection network	kilometers	81	1115	
27	Length of sewage transmission lines	kilometers	5	63	
28	The number of sewage treatment plants in operation	Unit	3	6	
29	Capacity in operation of wastewater treatment plants	thousand cubic meters per day	0.2	55.1	55.3
30	Nominal (current) capacity of wastewater treatment plants	thousand cubic meters per day	0.56	59.875	60.435
31	The number of wastewater treatment plants in operation	Module	0	5	
32	The nominal (current) capacity of sewage treatment plants under implementation	thousand cubic meters per day	0	55.5	55.5
33	The number of water and wastewater laboratories	Unit	21		

C - Manpower

row	Title	Unit	Number of Staff		
34	permanent contract	person		442	
35	specified period of time	person		513	
36	temporary	person		47	
37	supplying power	person		28	
38	plan	person		55	
39	volumetric	person		386	
40	corporate	person		740	
41	total personnel	person		2211
