

The status of Abfa Fars company in winter 1402					
A - Water section					
row	Title	Unit	City	village	Total
1	The number of cities/villages covered	City/village	122	2207	
2	Population covered	person	1895114	1144578	3039692
3	Percentage of population covered by water	Percent	100	84.7	
4	The total number of water subscribers	paragraph	767303	357528	1124831
5	Index of benefiting from healthy drinking water	Percent	100	78.79	
6	Index of benefiting from healthy drinking water	Ring	489	738	1227
7	The number of other underground sources (springs and aqueducts)	string/span	14	94	108
8	Production capacity from underground sources	million cubic meters per year	140.65	153.97	294.62
9	Production capacity from surface sources	million cubic meters per year	74.08	14.119	88.199
10	Total water production capacity	million cubic meters per year	214.73	168.089	382.819
11	The total volume of water sales	million cubic meters per year	126.47	76.57	203.04
12	Water without income	Percent	41.1	54.4	46.96
13	Points benefiting from the water supply of dams	City/village	18	56	74
14	The length of the water distribution network	kilometers	8198	12224	20422
15	network wear rate	Percent	43	56	51
16	Length of water transmission lines	kilometers	2814	77.7	10521
17	The number of reservoirs in the operating circuit	door	191	1522	1713
18	The number of reservoirs in the operating circuit	cubic meter	531840	264408	796248
19	The number of water treatment plants in operation	Unit	4	0	4
20	Capacity in operation of water treatment plants	thousand cubic meters per day	118.368	0	118.368
21	The number of water pumping stations	Unit	27	113	140
22	Capacity of water pumping stations	thousand cubic meters per day	175	67	242
B - Sewer department					
row	Title	Unit	City	village	Total
23	The number of cities/villages with sewage implementation plans	City/village	13	8	21
24	The number of cities/villages with sewage branch	City/village	9	1	10
25	The population covered by sewage facilities	person	279985	1650	281635
26	Percentage of population covered by sewage facilities	Percent	15.5	0	11
27	The total number of sewer subscribers	paragraph	66255	350	66605
28	The volume of collected wastewater	cubic meters during the day	27292	180	27472
29	The length of the sewage collection network	kilometers	1135	81	1216
30	Length of sewage transmission lines	kilometers	64	5	69
31	The number of sewage treatment plants in operation	Unit	7	1	8
32	Capacity in operation of wastewater treatment plants	thousand cubic meters per day	69.6	0.2	55.3
33	Nominal (current) capacity of wastewater treatment plants	thousand cubic meters per day	72.8	0.2	60.435
34	The number of wastewater treatment plants in operation	Module	6	3	9
35	The nominal (current) capacity of sewage treatment plants under implementation	thousand cubic meters per day	68.4	0.69	55.5
36	The number of water and wastewater laboratories	Unit	21		21
C - Manpower					
row	Title	Unit	Number of Staff		
37	permanent contract	person	403		
38	specified period of time	person	556		
39	temporary	person	47		
40	supplying power	person	22		
41	plan	person	25		
42	Volumetric and corporate	person	1126		
43	soldier	person	5		
44	total personnel	person	2184
